your invoices**

investly.co

Competition has not taken any significant mkt share yet

Online volumes	£40m	£105m	£250m	£330m
Online Y/Y		163%	138%	32%
Online market share	0.02%	0.04%	0.10%	0.13%

Several pain points hold businesses back

Entry Barriers

high rejection rates
because of
minimum turnover and
collateral

Time to Obtain Funds

takes up to 1 week to
obtain funds from
traditional factoring
providers

Cost of Service

APR of up to 48% for
traditional factoring
and up to 96% for
invoice discounting

Customer Experience

exhausting processes,
paperwork and inflexible
terms, low conversion

How does Invoice Finance work?

Investly offers key benefits to both SMEs and investors

SMEs

- Immediate liquidity (1 day)
- Low servicing fees (1-2%)
- Simple to use
- Fully transparent
- Secure
- Flexible credit limit management

Investors

- Invoice Finance is a highly attractive asset class due to
- Strong returns (~12-16%)
 - Short durations (avg. 34 days)
 - Low default rates
 - Low correlation to traditional asset classes

Repeat business model

1.5% fee on every invoice sold;
potential of up to 2.5%

share of repeat customers: 66% in
Estonia and 100% in the UK

Lifetime value £2250

- increase engagement

Cost per acquisition £200

- foster business partnerships with
e-commerce platforms, accounting
and invoicing platforms

From Sep 2016, banks have to refer SMEs to alternative lenders when they reject them

Digital advertising in untapped niches

PR to small business specific outlets

Direct outbound sales targeting directors

Referral partnerships with aggregators, coworking spaces, accounting software.

Government regulation (SMEs rejected for finance must be referred on to alternative financing platforms)

Investly beats traditional competitors on each dimension

		Traditional factoring	Invoice discounting	Investly
Entry barriers	Min. turnover	£1m	£200k	none
	Reserves	10-30%	10-30%	none
	Rejection rate	high	medium	low
Time to obtain funds	From invoice to cash	1 week	1 day	1 day
Cost of Service	Servicing fee	2-4%	4-8%	1.5-2.5%
	APR	24-48%	48-96%	18-30%
